2012/126 Activity Centre in Padstow

Comment was made that in general the Council has shown interest, via their Parish Plan for some sort of indoor/wet weather leisure facility for the town. The issue of location was a matter that would need to be considered at a later date, however for now there was general support for the proposal, with no consideration given at this time to its location.

RESOLVED in principal to support this proposal.

2012/127 Stake Park Proposal Lawns Tennis Court

The Leisure, Tourism and Open Spaces Committee had requested the tennis courts located at the Lawns Car Park be considered as a potential location for a skate park as so far other locations suggested for a skate park had not been practicable. Comment was made at the meeting that the tennis courts may not be a suitable location particularly as it was so close to residential properties and therefore there may be issues with noise and disturbance. Furthermore, it would be helpful to ascertain how well the tennis courts were used. Mention was also made at the possibility of the tennis courts being utilised for other facilities such as five-a-side football or basketball.

RESOLVED that the Town Clerk be requested to make enquiries with the local authority to ascertain if such use would be acceptable i.e. in terms of noise pollution etc and also ascertain the current usage of the tennis courts.

Councillor P Davis requested that her name be recorded as voting against this decision.

2012/128 Neighbourhood Development Plan

The Chairman of the Planning Committee gave an overview of a Neighbourhood Development seminar he had attended. He outlined that in some cases Neighbourhood Development plans were taking years to progress, often with dedicated officer support at great expense to the Council. He outlined further that it was difficult to ascertain the right route to take for Padstow with advice differing dependent on who you spoke too. He added that the development of a Neighbourhood Plan was the responsibility of the Town or Parish Council and that there was a need for real drive to progress it. There was much debate on this issue; it was felt that overall a Neighbourhood Plan was preferred over a Neighbourhood Development Order. Furthermore, a Development Plan for Padstow didn't have to be over complicated like say for Truro City Council. It was felt that in order to progress this that interested Councillors needed to be involved and perhaps it would be wise to wait until the new Council was formed in May and that consideration be given to drawing members on the working group from the whole Council.

RESOLVED that the new Council consider the establishment of a Neighbourhood Development Working Group drawn from full Council membership, not just the Planning Committee.

2012/129 Car Park Spaces

The Town Clerk advised that the Finance and General Purposes Committee had agreed to rent two car parking spaces for additional customer and staff parking. The matter was fully discussed and it was **RESOLVED** to decline the offer to rent additional parking spaces.

2012/131 Walks on and around the South West Coast Path from Padstow:

Attention was drawn to the proposed notice board promoting walks from Padstow along with leaflets on each of the walks. Overall it was felt that the introduction of the notice board and leaflets was a great asset in promoting walks in and around Padstow.
