Council solicitors have advised that the due to the terms of the lease the following provisions would need to be waived -
  1. The permitted use is for the improvement and enhancement of sealife stocks and productivity and ancillary visitor/retail facilities only.
  2. The lease does not allow for external alterations to the Building.
  3. The lease does not allow for underlettings of part of the premises.

In addition a formal licence to alter and a licence to underlet part would need to be agreed alongside a variation of the permitted use. If the assignment of the lease to the Lobster Hatchery from Cornwall Council has not been completed these requirements would apply to Cornwall Council. All legal fees to be paid by the Lobster Hatchery. Cllr Davis voted against this proposal. Due to the timescales an additional meeting may be required to approve the plans.
